

2015 ILRS Technical Workshop

Workshop Resolution

- The ILRS encourages the NICT Koganei Station to continue contributing to Satellite Laser Ranging, as a GGOS Core Site, a key station for Time Transfer and co-located GNSS Tracking, and other international activities.

2015 ILRS Technical Workshop

The “kHz Resolution”

- Recognizing the overall advantages of kHz SLR and considering the increasing number of GNSS targets, we urge all SLR stations to exploit every possibility to upgrade to kHz repetition rate operations.

2015 ILRS Technical Workshop

Workshop Resolution

- The ILRS congratulates Dr. Giuseppe Bianco on his appointment as the Director of the ASI Center for Space Geodesy (CGS).

2015 ILRS Technical Workshop

Workshop Resolution

- Recognizing the **great success** of the 2015 ILRS Technical Workshop, the participants express their **sincere appreciation** to:
 - ASI and e-GEOS for organizing and hosting the Workshop, and
 - Pippo Bianco, Cinzia Luceri, and the Local Organizing Committee for their meticulous organization that enabled this very successful event.
